We believe in helping kids learn, grow, and thrive! From babies through teenagers, all children love to learn. We provided holistic early childhood care and education, gave kids books and school supplies, and funded children’s summer enrichment programs.

**UNITED for Children**

Everyone needs a warm bed at night. Among other interventions, our Coordinated Access Network connects people in a housing crisis with a safe place to stay.

**UNITED for Stable Housing**

We want to live in communities where all of our neighbors have enough to eat. We are committed to tackling the root causes of food insecurity while increasing access to nutritious food. Each year, we feed tens of thousands of children and adults through food distributions, pop-up pantries, summer meals for kids, serving prepared meals, and more.

**UNITED for Food**

We believe in offering our neighbors the resources and support to build a stable financial foundation. Our work included direct financial assistance, workforce development, and assisting thousands of households with free tax preparation.

**UNITED for Financial Stability**

Volunteers contributed over 10,000 hours of service - reading to students, planting gardens, serving food and more - no matter the job, our volunteers make it happen!

**UNITED for Taking Action**
